

High Country Carriage Driving Club are offering for sale our SENA headset systems. We purchased them in 2019- consisting of 2 sets of student/teacher headsets and a speaker which can be used with either set by pairing an additional unit wired to the speaker. Our purchase cost for the complete package was over \$1000.

We are offering the complete package for sale for \$500

Please contact highcountrycarriage@gmail.com for more information or check out the link to the SENA website
